TRANSITION TO KINDERGARTEN

- Starting kindergarten is an important time for young children. Supporting these transitions for children and families is critically important because even positive changes can be challenging.
- Throughout the year and especially in May and June, our teachers prepare children for this 'end of the year' transition through, books, discussions and related activities.
- The month of June is filled with 'fun' activities to celebrate the year. In late June, we plan our "Moving On" ceremony for children moving on the kindergarten, which honors our children's growth and accomplishments.

TYPES OF SCHOOLS IN NYC

- Public:** The New York City Department of Education operates public schools in the city. It's the largest system of schools in the United States and is headed by the school's chancellor in conjunction with a leadership team.
- Charter:** Charter schools are public schools that operate independently of the Department of Education under a charter from the State Board of Regents or the State University of New York. Charter schools receive public funding on a per-pupil basis and enrollment is based on a lottery.
- Parochial/Private:** Private schools are privately owned and funded without the assistance of local, state, or federal governments. These schools rely on tuition to operate.

You have to create a MySchools account to complete the Kindergarten Application. If you have older children in public schools or have applied for 3K or 4K, you should already have an account.

GIFTED AND TALENTED (G&T)

- This year, families can apply for the Gifted and Talented (G&T) program directly through their child's kindergarten application. To be considered, you must apply separately for the G&T programs at each school you would like your child to attend.
 - City-wide G&T
 - District G&T
- Once your application is submitted, your child's teachers will complete an evaluation using a checklist provided by the Department of Education (DOE).

TURNING 5 PROCESS

- Families of children with disabilities entering kindergarten in September will take part in the Turning 5 Process, which is how special education services and supports are determined for children entering kindergarten.
- Families must still complete the Kindergarten Application and placement will be determined following observations and additional evaluations, if necessary.
- We will hold a dedicated Turning 5 Meeting in early January.
